12 103-Special Purpose Stabilization Fund-Thermal Imager for Fire Department

Mr. Davis and Mr. McKinney presented and requested purchase of a thermal imager for the Fire Department to replace the non working one on Engine 1. This device is critical in the fire fighting process to locate individuals within buildings. All other engines are currently equipped with thermal imaging cameras. The funding will be derived from the special purpose stabilization fund which appeared on the Council mitigation list of requested items in 2005.

Councilor O'Connor motioned for favorable action, motion seconded by Councilor Molisse and voted unanimously.

With no further business to attend to, Councilor O'Connor motioned to adjourn at 6:55 PM- motion seconded by Councilor Molisse and voted unanimously.
