780CMR MASSACHUSETTS STATE BUILDING CODE

107.1.2 Fire Department Review. For permits that include work under Chapters 4 or 9, or 34, construction documents shall be filed simultaneously with the head of the local fire department and building official for review and approval.

901.2.1 Document Submittal Process. This process includes three tiers of the minimum document submittal requirements. This process does not preclude the permit applicant from submitting additional documents; for example shop drawings along with the construction documents at time of permit application.

1. Tier One, Construction Documents - Prior to issuance of a building permit, construction documents for the fire protection system must be submitted in accordance with section 107.1.2 and a building permit obtained prior to the installation of fire protection systems or modifications, alterations, additions or deletions to an existing fire protection system...
