

TEEN ROOM

PERIODICALS

A wide-angle architectural rendering of a modern library interior. The space is bright and open, with a high ceiling featuring recessed linear lighting. The floor is covered in light-colored, rectangular tiles. On the left, a green wall features the word 'CHILDREN'S' in large, orange, 3D letters. Below this, there is a glass-enclosed area. In the center, several rows of white bookshelves are arranged, with some books visible. A few people, including children and adults, are walking through the space. On the right, there is a seating area with a white sofa and a small table. A large window in the background provides a view of the outdoors. The overall atmosphere is clean, modern, and inviting.
