

611 Pleasant Street Billboard Project Weekly Update #5

February 12, 2021

Since our last weekly report, the following has occurred:

1. Light Blocking Technology Billboards:

The Town has moved to a selected vendor contingent on Cove agreeing to certain requirements/restrictions of operation of the new boards. Cove has taken these requests under advisement.

2. Tree Cutting Permits:

Conservation Commission has a deadline of February 16 to finalize the Order of Conditions.

Town's letter of support for tree cutting permits that has to accompany the state application has not been received yet.

Public input for tree cutting: There has been only one resident who indicated that she will give input that can be added to the application. If you have interest in having your opinion be added to this part of the state application process, please email me by February 22. Again, for your review, I attach the power point that depicts the trees that will be removed in several slides.

3. As always, if you have any questions or comments, please feel free to email me. I will respond.

Thank you.

Sincerely,

Ed
