Report on Teaching and Learning: McKinney-Vento Update

Assistant Superintendent Kelly Stukenborg came to the table. She presented a powerpoint presentation and reviewed the key components of McKinney-Vento; homeless students in MA, district homeless statistics; McKinney-Vento transportation, McKinney-Vento grant support, advocacy and outreach.

Ms. Stukenborg then reviewed the purpose of McKinney-Vento, the role of the liaison as well as how homeless is defined. She also discussed outreach efforts and collaborations with state agencies.

The Chair opened the meeting to questions from the Committee.

Ms. Flemer asked how much is budgeted for homeless transportation. Ms. Stukenborg shared that the budget was \$350k this year. She also shared how numbers have decreased. Ms.

Stukenborg also pointed out that the Super 8 is no longer a shelter and that the numbers decreased when the shelter closed.

Mrs. Sheehan asked for clarification of “doubled-up” and how the Title 1 Funding is used. Dr. Curtis-Whipple clarified.

Chair Belmarsh discussed the Super 8 closing and that there are no more homeless families there. It is difficult to find where they went. Information is confidential and makes it difficult to provide housing for them if they are still in a shelter at another location. One of our Town Employees who is involved with housing is working with Patti Hayes to obtain this information. The Chair also commented on her focus on finding permanent and stable housing for these families. The town is creating a housing plan for the town and part of the discussion is what the needs of our homeless families and students are.
