

On Wednesday, November 20, 2013 the Recreation Commission will be hosting an informational meeting on the recently approved supplemental budget expenditures from the Meals Tax Surcharge. It is the intent of this meeting to “kick off” each of the proposed projects.

A scope of work will be presented as well as a timeline for each project. Additionally, we hope to establish a process for open communication, updates and feedback so that all interested and concerned parties remain aware and in agreement throughout the project(s).

It is the belief of the Recreation Commission that through the collaborative efforts of the Mayor’s Office, the Town Council, Planning Department and Department of Public Works, Community Associations, and user-groups that we will be able to see each project through to completion.

As you share a common interest in at least one or more of the below listed projects, we hope you will attend the meeting and share in the discussion.
