

Weymouth (Town of) Employee Benefit Program

Account # 1473340

Sullivan Tire & Auto Service has designed an Employee Benefit Program specifically for employees of the **Town of Weymouth** and their family members!

THE PROGRAM

A special account number – 1473340 -- has been assigned to the **Town of Weymouth** employee account. This account number easily identifies employees and their vehicles for specific prices and discounts. This account can only be used for repairs with cash, check or credit card payment. Employee invoices cannot be mistakenly charged to a company account.

This benefit program is offered at over 50 Sullivan Tire & Auto Service locations throughout New England and provides a **10% discount** on all parts and labor – except sale items. Tires are always at an everyday low price and receive no discount. Once an employee's vehicle is profiled in our system, an alert will notify any Sullivan Tire location that this customer is enrolled in the program and the discounts will be calculated automatically.

This is a valuable benefit that **Town of Weymouth** shares with its employees, offering them consistent pricing on tires and auto service that takes advantage of Sullivan Tire's 56 years of automotive expertise in the New England area.

EMPLOYEE BENEFIT

All that's needed when an employee brings their vehicle to Sullivan Tire is to announce their status with **Town of Weymouth** and we'll take it from there. The 10% benefit will be reflected on their final invoice - for all applicable services.

Courtesy Shuttles are available at all Sullivan Tire locations.

If you have any questions regarding this program and its benefits, please contact Rich Jennings,
B2B Representative @ 781.733.4178.
