Walter Flynn called meeting to order at 7:00 PM. The agenda included a review and rating projects/requests in the Public Works Department Capital Improvement Plan.

Rod Fuqua asked the Board to consider another item ahead of the CIP review. He noted that the Ashley Circle project is complete; 3 houses were constructed on Ashley Circle off Sheri Lane in 2008. Original bond of \$43,000 was reduced to \$3,000 and inspectional items, touch ups and inspections are now complete. A motion was made by Sandra Williams, seconded by David Chandler and unanimously voted to approve the release of the bond for the project.

School Department's CIP was completed at the last meeting. He reminded the members that the rating system classifies projects with a rating in accordance with the Mayor's risk management approach. Ratings are:

- 1 - critical need
