MINUTES

none

UPDATE – PUBLIC WALKWAY BETWEEN LANE BEACH AND WESSAGUSSET BEACH

Mr. Luongo reported 100% plans and all the permitting is in place. The funding is missing and we are hoping to apply for the Seaport Economic Development Grant in the next cycle. Looking for other sources of funding \$4M. Mary Ellen Schloss and Mr. Luongo are meeting with the building department to decode on a mechanism for homeowners not on the revetment to put stairs on public property to figure out permitting similar to mooring license for the right to construct stairs over public property to assess beach. Hope to have finalized by late spring. Mr. Mutch questioned the affect on the coastal bank restoration.

JOHNSON SEAWALL

PUBLIC COMMENT

Pascale Burga stated the last resident need to sign off on Fort Point Seawall signed this morning so that project is good to go. She informed the committee of the Seawall Update filmed by WETC. Will provide a link to committee members for their viewing.

Ms Burga stated the \$10 million in compressor station mitigation will not all be going to North Weymouth. She states some is already earmarked for other departments i.e. for safety. Need to make sure North Weymouth is one of the categories for the money.

Ms. Burga asked Mr. Luongo if we applied and were denied the CZM grant or did we miss the deadline? Mr. Luongo stated the town was denied the grant.

OLD BUSINESS
